## 2008 THOROUGHBRED MARES BRED

# Mares Bred Down 7.7%

BY BLOOD-HORSE STAFF

**T**he Report of Mares Bred (RMB) statistics for 2008, released Oct. 16th by The Jockey Club, show a continuing decline in North American Thoroughbred breeding activity.

Based on reports received through Oct. 10, 2,643 stallions covered 52,410 mares in North America during 2008. The statistics include the number of mares bred to each stallion and represent approximately 92% of the mares that eventually will be reported as bred. The Jockey Club expects to receive RMBs representing an additional 4,000 to 5,000 mares bred from the 2008 breeding season, according to historical trends.

The number of stallions declined 5.9% from the 2,808 reported at this time in 2007, while the number of mares bred fell 7.7% from the 56,796 reported at this time last year.

“Stallions with a book size of less than 25 accounted for 78% of the decline in the number of stallions and 30% of the drop in mares bred,” said Matt Iuliano, The Jockey Club’s vice president of registration services.

Lion Heart led all stallions in 2008 with 214 mares bred, 20 more than Chapel Royal (194). Rounding out the top 10 were

Giant’s Causeway (190), Hard Spun (181), Street Cry (178), Corinthian (175), Van Nistelrooy (172), Scat Daddy (162), With Distinction (160), and Latent Heat (160).

Kentucky’s 318 reported stallions covered 21,317 mares, or 40.7% of all of the mares reported bred. Among the top 10 states and provinces by number of mares bred only Ontario and Pennsylvania stallions covered more mares in 2008 than in 2007.
