

SIRE PROGENY PERFORMANCE HISTORY AT PIMLICO, 2000-16

The charts on the following pages show the performance statistics from 2000 through 2016 for the progeny of sires represented by a starter in the races carded at Pimlico Friday, May 19, and Saturday, May 20. If a sire is not listed, then he's had no starters at Pimlico during the designated period. Several of the sires not listed are second-crop sires that haven't as many runners relative to other sires. These missing sires are represented by the progeny records for their own sires, such as The Factor, whose sire is War Front. Sires included had three or more starters unless they had a winner. All sires or grandsires of Preakness Stakes (G1) starters are in **bold**. All percentages are calculated from runners. The "Wnrs ≥9f" is the number of winners at 9 furlongs or more.

Sire	Sire—Dam	Rnrs	Wnrs (% Rnrs)	SWrs (% Rnrs)	GSWr (% Rnrs)	Earnings	Wnrs ≥9f
Albert the Great	Go for Gin—Bright Feather	22	6 (27%)			\$153,330
