All rates are Gross. Statistical (Stat) Pages present data in a uniform format designed to facilitate comparisons. Spreads consist of a Statistical Page and Picture Page, which can be written by the Agency or by the Publisher to highlight the assets of individual Stallions. Picture Pages written by the Publisher incur production charges (see above). Statistical Pages and Online Stallion Register units are entirely compiled by the Publisher, based on statistics obtained from The Jockey Club Information Systems and Equibase. Online units are updated daily and/or weekly, depending on data point. Commission is offered to recognized Agencies of record placing space on behalf of Client.
